ABOUT THIS AMAZING MATERIAL...

Ezy Wallpaper is made out of a non-toxic polyester fabric which is adhesive material that can be installed on virtually any flat surface (indoor and out) and in most circumstances be removed successfully leaving no adhesive residue and reused.

Used for numerous applications our wallpaper does not weaken or strengthen over time, can withstand all weather conditions, and it will not shrink or curl like other material. Ezy Wallpaper won't rip or wrinkle and can be pulled apart if it folds over during installation.

This amazing material can be illuminated with a backlight, wrapped around corners, placed on ceilings and walls without losing its adhesive qualities.

WHERE CAN IT GO?

Ezy Wallpaper can be placed most anywhere with a flat non-porous surface.

It is easy to apply yourself though we still recommend our experienced signwriters to install it for you on certain walls where you have to cut around windows and powerpoints.

CAN IT BE REUSED?

One of the main benefits of Ezy Wallpaper is the fact that it can be peeled off and reused in most circumstances without the wall or the print being damaged.

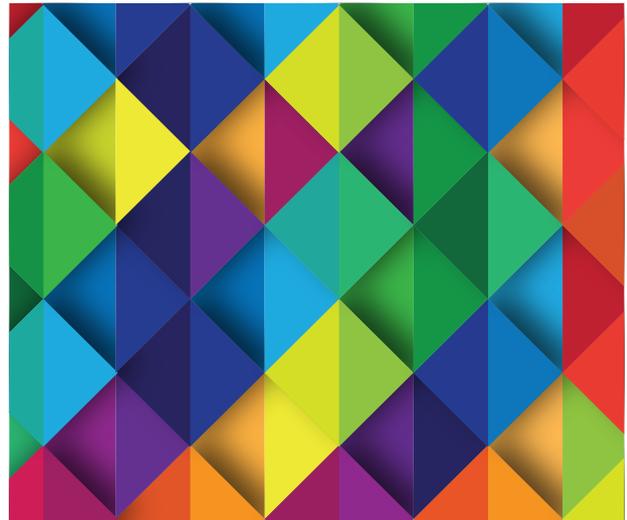

PRICING

\$75 / LINEAL METRE (1340MM WIDE)
NOT INCLUDING INSTALLATION

Our custom printed Ezy Peel Off Wallpaper is usually priced per area of print needed. The larger the area, the smaller the price per metre becomes.

Installation quotes can only be provided once we know if there is any obstructions like power points or windows, etc.

Please contact us with measurements for an accurate quote and preferably a photo of the wall.
